Letter No. 28, dated 13th October 1879, from the Public Prosecutor, Ashtagram Division, reporting that the Sessions Judge declined to countersign certain bills presented by him for fees due for his appearance before the Court of Session to support the convictions of Magistrates in certain cases, and requesting orders for the passing of the bills under the provisions contained in Chief Commissioner's Proceedings Nos. 9717—182, dated 4th February, and 3150—1, dated 11th July 1879.

No. 5659—J. 102, DATED CAMP MYSORE, 27TH OCTOBER 1879.

ORDER THEREON.—When adding Rule 7 to the Rules defining the duties of Public Prosecutors which were published in the *Mysore Gazette* of 15th March 1879, the Chief Commissioner was aware that the procedure allowed a more liberal interpretation of the ordinary duties of a Public Prosecutor than had been in use in Nagar or Ashtagram. The Public Prosecutor, Nundydroog, however, had not been required to support appeals in Sessions Courts without payment by fee, and the rule was passed to assimilate the practice in all Divisions. Rule 7 supersedes Order No. 1705 —266, dated 19th May 1879, and the bill presented by a Public Prosecutor, if signed by the Officer who instructed him, may be admitted by the Sessions Judge.

READ—

Letter No. 2974, dated 23rd September 1879, from the Deputy Accountant General, reporting that on the office of Division Commissioner being abolished in the re-organization, it has become necessary to appoint another officer to inspect District Treasuries, and suggesting that the work should be delegated to District Judges who have opportunities of making the inspections when on circuit.

No. 5501—FINL. 365, DATED CAMP MYSORE, 20TH OCTOBER 1879.

ORDER THEREON.—The Government Resolutions quoted above lay down and affirm the principle that it is by executive officers that treasuries must be examined and inspected. The detailed examination of treasuries at District head-quarters must be made by the District Officers themselves, and with a view to that the Deputy Accountant General has issued a circular to all District Officers asking for an examination and report; but this examination is not in itself sufficient and it is necessary to order the inspection in a more general way, as defined in chapter 29, para 18 of the Civil Account Code, of District Treasuries by an independent officer.

2. The Chief Commissioner agrees with the Deputy Accountant General in thinking that this can best be done by the District and Sessions Judges who visit the head-quarters of each District in their jurisdiction at the time of holding criminal sessions.

3. The Chief Commissioner is pleased therefore to direct that at the time of the January, February and March sessions, the District Judges of the three several Divisions in this Province do hold an inspection, in the prescribed manner, of the treasuries at the head-quarters of Districts and do report the result of the same to the Secretary in the General Department.

Pay and Allowances Proceedings, Nos. 199—222 of 1879.

RESOLUTION.—From these Proceedings it appears to be an occasional practice in the Madras Presidency for the Government to make daily allowances to Public Officers for the provision of accommodation for their offices and records.

2. The Governor General in Council considers that, subject to proper restrictions, this practice may be, sometimes, economical and convenient.

3. Accordingly, Local Governments and Administrations are authorized to grant allowances for the provision of office accommodation at their discretion upon the following conditions and restrictions, which shall apply as well in the Madras Presidency as elsewhere :—

I.—If separate accommodation is provided, the allowance shall not exceed the actual rent paid for such accommodation.

II.—If the Officer provides accommodation for the office in his own house, the allowance shall not exceed half the rent paid by the Officer if he rents the house, or half the proper rent of the house if it is his own property.

III.—The allowance shall not exceed—

(i) any general or special departmental limit which is or may be prescribed by authority; or

(ii) what is ascertained in the Public Works Department to be a proper proportion of the rent of the house jointly occupied, with reference—

(1) to the share of the accommodation occupied ,

(2) to the injury to the house as a private residence from its partial occupation as a public office.

IV.—Except in the Forest Department, all grants for office accommodation being in substitution for charges which must otherwise fall upon Provincial Revenues, shall be recorded as office rent and charged to the Provincial Government.

ORDERED, that this Resolution be communicated to the Home, Foreign, Military and Public Works Departments of the Government of India ; to the Local Governments and Administrations ; and to the Comptroller General and Accountants General and Deputy Accountants General in independent charge.

Asstt. Secretary to the Government of India.

DATED CAMP MYSORE, 20*th October* 1879.

SIR,

I am directed by the Chief Commissioner to report that, in connection with the general revision and reduction of Establishments in the Mysore Province, while examining the condition of the Anche or Local Post Establishment with a view to increasing its efficiency and economy, he has been led to revive the question of introducing into the Local Post of Mysore the system of prepayment of letters by means of stamps instead of the present system of cash payments.

2. This matter, I am to remind you, has already formed the subject of an extended correspondence which Mr. Bowring began in his letter No. 401, dated 20th January 1863, addressed to the Government of India in the Foreign Department. The correspondence was continued in the Home and Financial Departments, and for information as to the final disposal of the question and the reasons for it I am directed to refer particularly to the three letters quoted in the margin, copies of which appear from an endorsement at foot of the last one to have been transferred to the Foreign Department.

From the Secretary, Government of India, Financial Department, No. 1540, dated 3rd August 1868, to the Commissioner of Mysore.

From the Commissioner of Mysore, No 3285-143, dated 2nd September 1868, to the Secretary, Government of India, Financial Department.

From the Secretary, Government of India, Financial Department, No. 3234, dated 31st October 1868, to the Commissioner of Mysore.

3. In the last of the above quoted letters, the Commissioner of Mysore was directed to place himself in communication with the Director General of the Post Office with a view to making arrangements for the Imperial Postal Department taking over the working of the Postal Service in Mysore. This was done, but the end of that correspondence was that in answer to a communication addressed to him in 1871 asking if he was yet in a position to take over the Postal Service, the Director General replied that the time was inopportune. And from that time to the present no opportunity appears to have presented itself.

4. The first reason for desiring the introduction of payment by labels is the immediate saving which could thereby be effected in the establishments of existing offices without loss of efficiency ; at present a receipt prepared by the sender of a letter is signed for every letter that is sent after registering each individually as presented by the despatcher; bearing letters are registered by the name and address of the sender as well as that of the addressee ; incoming letters are registered twice over, first the contents of a bag are registered, then the letters for delivery are given with a register to the delivery peon, which register has to be signed by the addressee. This antiquated and cumbersome procedure could be abolished if letters were paid by stamps, and the saving which would be at once effected by the reduction of existing establishments would, it is calculated, amount to Rs. 3,600 per annum ; probably a very short experience would indicate the possibility of saving much more.

5. It is less however on account of this saving in existing establishment than in respect of the public benefits which would result and of the obstacles which would be removed from the way of the growth and expansion of the Anche Service that a change is desired. On this subject the following extract from the report of a committee, lately assembled in Bangalore to enquire into and report upon Anche expenditure and management, may be quoted with advantage :—

> "In the whole Province comprizing an area of 27,000 square miles there are, excluding the offices at District head-quarter stations, only 125 Anche Offices located principally at the head-quarters of Taluks and of some of the Hoblis. The inhabitants of villages in the interior are therefore obliged to make their own arrangements for forwarding their letters to the nearest Anche offices, so that, although the postage on a letter may be only 6 pies, four times that amount may have to be paid to send it to an Anche office."

The great difficulty in the way of increasing the number of offices is the expense entailed by the necessity of entertaining comparatively highly-paid officials who can be entrusted to receive and account for cash payments. If the receiving office could get rid of the labor and responsibility involved by the present system every Hobli School-master in the country could be put in charge of a box; the convenience which this would be to the people may be inferred from the fact that there are 653 hobli schools in the Province, but at present only 139 Anche receiving houses.

6. It has been stated that "the trouble of going a hundred yards to post his letter stops many a letter writer"; if that is so the correspondence of the people of Mysore may be expected to increase very largely with so great an increase in the number of post offices and with the abolition of the present vexatious system of registering and giving a receipt for every letter delivered to the post.

7. It requires no argument however, Mr. Gordon feels sure, to prove that Mysore has lost both in education, progress and revenue, by withholding from her the means of improving the postal service, nor has that ever been denied. The interests of the Mysore State have not been put forward or considered in the arguments used in reply when the request, now again made, was repeatedly urged by former Chief Commissioners.

8. It has been entirely on the ground of Imperial interests that the concession has been denied. The arguments are reiterated and enforced in the letter from the Director General of the Post Office, No. 1139, dated 20th July 1868, which was forwarded with the Financial Secretary's No. 1540, dated 3rd August 1868, with the intimation that the Governor General in Council is inclined to agree with the arguments brought forward. Some of these have lost all force by the altered condition of facts, and Mr. Gordon hopes to be able so to answer the others as to shew that the real interests of the British Indian Empire are at one with those of Mysore. Mr. Gordon is willing to abide by the principle that it is by its bearing upon Imperial interests that the question must be judged.

9. The first reason against allowing Mysore to use a postage lable s that "the use of a special stamp for the Mysore Provincial Post would tend to localize still more markedly the District Post of Mysore and thus constitute a very serious obstacle to the extension and improvement of the Government Post." It will be convenient to defer comment upon this until the other objections have been stated and answered. Secondly, it is stated that "it is only by the extension of the Imperial Post in and through Mysore that a free communication can be established between that Province and the neighbouring Districts of Canara, Malabar, Bellary, Cuddapah, Salem, Coimbatore, North Arcot and Dharwar" and "although an unpaid or insufficiently paid letter may be sent for delivery to any British Post Office, whether Imperial or Local, not a single cover on which postage is due can be sent from British India to Mysore. Any such bearing cover which may be posted has to be sent to the Dead Letter Office for return to the sender." Though true when this was written these arguments no longer exist. The Mysore Anche carries stamped letters intended for transmission outside Mysore free of charge to the nearest Imperial Post. Letters from India or from abroad brought into the Province are carried to their destination free of charge: the communi-

cation with neighbouring Districts of British India is perfectly free, and by an arrangement made with the Imperial Postal Department, bearing letters are received and half the postage due (that is the full original amount) is at once paid by the Mysore Government, which carries the letters to their destination and undertakes the risk of being able to recoup the payment made by levy of the double postage due by the addressee, claiming no refund in cases where realization cannot be effected.

10. By these liberal arrangements of the Mysore Anche the interests of the British Imperial Post are directly furthered and the eventual extension of the Department to Mysore is facilitated. In assimilating the Mysore Postal system with that of British India the extension of the Imperial Post will be facilitated still more. The Director General goes on in his letter to say "will it not be still more a subject of regret if by countenancing now the localization of the Mysore Post other Native States are encouraged to oppose the extension of the Imperial Post with the view of having their own postal organization and their own postage stamps." This I am directed to say is a reproach which the Administration of Mysore little deserves. Recognizing the importance of liberality in such a matter freedom of intercourse in correspondence with British India is encouraged in the manner already explained. Mr. Gordon feels sure that the true interests of Mysore are best considered by promoting correspondence with all places outside its limits even at the expense of foregoing all claim to participate in any revenue derived from such correspondence, and he can scarcely be feels be controverted in asserting that when so much has been done by the Mysore State it will be for the true advantage of British India to facilitate means of correspondence within Mysore as the sure and only way of increasing its correspondence with other parts of India. It is difficult then to see how the adoption by Mysore of a special stamp for her special service will tend to localize more markedly the Mysore District Post. The stamp will be used exclusively for letters carried within the Province as cash payments now are used It would not appear on letters posted in Mysore for transmission abroad, nor would it be required for letters posted abroad for delivery in Mysore.

11. But the Chief Commissioner wishes to lay no stress upon having a Mysore stamp. It would be cheaper for Mysore, and it would be free from the objection of localization, if that objection can in any case be upheld, if Mysore were allowed to use British Indian stamps for payment of Anche letters. The practical objection which has been raised against issuing postage stamps for use in Mysore stamped across with the word 'Mysore' is recognized, but it is unnecessary to distinguish the stamps at all. All that need be done is to give the Mysore State credit on bills, submitted quarterly or at the expiration of any suitable period, for the postage of all letters posted in Mysore and delivered in Mysore without having been carried out of the Province. Registers kept in the Mysore Anche offices could be adapted to keeping this account.

12. Mr. Gordon trusts that this proposal indicates a way of getting over the objection which has been raised on the score of localizing the District Post. There will arise obviously another objection. The Imperial Post will have no means of checking the accuracy of the accounts kept in the Anche offices; Mr. Gordon must ask that the accounts be accepted. There will be no inducement to falsify such accounts and the Chief Commissioner undertakes, on the other hand that there will be every endeavour to preserve strict accuracy.

13. If this proposal does not meet with approval, Mr. Gordon is at a loss to know what to propose. The natural alternative is to ask the Government of India to take over the postal arrangements of the Province; the request has indeed been made, but the Department has not yet felt equal to undertaking the work. Even if it were, the policy of Government which has retarded the growth of correspondence in Mysore, results in the impossibility of arriving at a fair basis on which to make over the postal service. This will be rendered clearer when it is stated that last year the postage on official covers (carried free by the Anche) amounted to Rs. 1,36,032, if calculated at British India official rates; the net cost of the postal service to the State was Rs. 1,14,369. If private correspondence is increased in a greater ratio than the cost of establishment, the same amount of official correspondence will be carried at a lower net cost. Until therefore the Mysore State is permitted to learn by experience how cheaply its interior postal service can be carried on, it is impossible to say what should

be paid by the State to the Government of India for taking over the whole postal service. This is another instance of the way in which the extension of the label system to Mysore now will facilitate the extension of the Imperial Post hereafter.

14. The number of covers interchanged between the Anche and the Post is now about $\frac{1}{4}$ of the number of paid covers carried exclusively by the Anche; it is probable that the proportion would be maintained and the Imperial Post would participate equally in the increased revenue which the introduction of a more liberal system would produce; at present the people of Mysore are debarred altogether from making use of the recently introduced post-cards while corresponding among themselves, and there can be no doubt that this fact will very greatly retard their use in correspondence with neighbouring Districts of Madras and Bombay, although they, like letters, are carried free when posted for transmission out of Mysore or when received from outside; if the argument be accepted that it is to the interests of British India to allow Mysore to improve her Post, I am desired to add that Mr. Gordon hopes that no time will be lost in sanctioning the introduction of this long-sought-for, necessary and most salutory reform.

I have the honor to be

Sir,

Your most obedient Servant,

W. J. CUNINGHAM,
Secretary.

No. 3892-903—R. 672, DATED CAMP MYSORE, 24TH OCTOBER 1879.

ORDER.—The Chief Commissioner considers that the rules in regard to the charging of interest on arrears of Land Revenue are very unsatisfactory. No interest appears to have been charged in the Province prior to 1869, but under clause 3 of Survey Rule XVI, adopted from those of Bombay, and published in May 1869, interest at the rate of half a pie per rupee per diem was allowed to be charged from the day after the instalment falling due up to the day of the payment of the arrears. This rate of interest amounts to 95 per cent per annum. The oppressiveness of such a charge, when the arrears, owing to unavoidable causes, remain unpaid over lengthened periods, is obvious. In point of fact, the Deputy Commissioners being authorized to forego, for sufficient reasons, the whole or any portion of the above penalty, the enforcement of interest seems at present to be very much left in the hands of the village officials, who charge it or not as they please, the taluk and district authorities having no means of checking it.

2. In the famine year 1876—77, interest was foregone altogether except in the malnad taluks, under order dated 1st March 1877, and in 1877—78 and 1878—79 interest was remitted only on the revenue the collection of which was postponed, *vide* Proceedings No. 8389—R. 32, dated 26th December 1877, and No. 5418—36, dated 15th October 1878. From the marginal figures, however, shewing the collections of interest on land revenue in past years, it will be seen to what a small extent interest is actually enforced considering the large amount of arrears usually outstanding. Whilst the great majority of the defaulters are let off, the charge falls with great hardship on the few who are subjected to it. The placing of such extensive discretionary powers in effect in the hands of the taluk, if not, even the village, officials, cannot but be regarded as highly objectionable, and must lead to considerable mal-practices.

Years.	Amount. Rs.	A.	P.
1874-75	21,467	1	7
1875-76	18,481	0	6
1876-77	8,886	8	7½
1877-78	7,023	10	3
1878-79	10,212	7	½

3. The Chief Commissioner observes that the provision in regard to interest was shortly after given up in Bombay, and that propositions for making a similar alteration of the rules in this Province, substituting in lieu the levy of a penalty equal to one-fourth of the arrears due, and the levy of the entire year's demand without further instalments in case of default, were circulated in 1875 for the opinion of the Division and District Officers. The officers consulted gave varying opinions on the subject, but no final orders appear to have been passed.

4. The Chief Commissioner considers that the final settlement of the question ought not any longer to be delayed. The existing provisions for the distraint and sale of property afford ample means for securing the prompt recovery of revenue, and no further penalties are required. The charge of interest, however, on arrears would be but reasonable, though the present oppressive rate cannot find any justification. Under the Madras Regulations, interest on arrears is levied at the rate of 6 per cent per annum, or about one pie per rupee per month, and the Chief Commissioner directs that the above rate of one pie per rupee per month be levied in future in Mysore, existing charges of interest remaining uncollected being also reduced to the same rate.

5. The chief cause for the general omission to enforce interest hitherto has been the great difficulty of calculating it, on small individual instalments, complicated as they are by the addition of further instalments before the accounts are closed, which renders any check over the interest collections almost impossible. The Chief Commissioner, therefore, further directs that interest be charged only from the 1st of the month following the last khist or instalment of the year; that it be collected only for entire months, portions of a month being omitted, and that it be enforced invariably in every instance unless specially excused under the orders of the Chief Commissioner. The interest collections should be carefully checked in the District Office, which could be easily done with reference to the amount of arrears outstanding from month to month.

6. It may be objected that these arrangements remove the inducement for the prompt payment of the khists but no rate of interest, unless it assumes the objectionable form of a penalty, is likely to operate as a sufficient preventive to delay in the payment of the revenue. The fees exacted for notices of demand and other processes will be found much more effectual in regard to instalments of small amounts, whilst the fear of the disgrace and inconvenience resulting from the distraint and sale of property ought to be sufficient inducement to the larger pattadars to pay up their instalments on the notice of demand being served on them.

7. As it is not possible to regulate the khists or instalments in strict relation to the periods of harvest which are different in regard to different kinds of crops even in the same District, the Chief Commissioner deems it unnecessary to disturb the well-considered system of Khistbandi now existing as noted in the margin. But it will be convenient to lay down that no instalment shall in any case be less than one rupee, except when the portion of the demand for the year remaining to be paid is less than that amount, in which case, of course, the whole of it will be collected.

8. The instalments and rates of interest on the arrears of Abkari and other revenue engaged for under special contracts will be levied strictly in accordance with the terms of the contract bonds. The figures entered in the margin would seem to indicate some laxity in enforcing the conditions in regard to interest on the abkari contractors especially in the Ashtagram and Nundydroog Divisions. The circumstance of the famine doubtless necessitated the relaxation to some extent. No remission of the interest provided for in the contract bonds is to be allowed in future except under the sanction of the Chief Commissioner.

letter No. 1089—512 of the 20th September 1879 from the Deputy Commissioner of the Kolar District.

No. 3981-90—R. 687, DATED CAMP MYSORE, 27TH OCTOBER 1879.

ORDER THEREON.—In the above letter, the Deputy Commissioner of Kolar enquires whether the District Officers are authorized to grant remissions of irrecoverable balances during the current year's jamabandi on the principles laid down in the Chief Commissioner's Proceedings dated the 15th October 1878.

2. The Chief Commissioner apprehends that the enquiry made into these arrears during the last settlement was not complete and was conducted with unequal results in the different Talukas and Districts. In the Kolar District, the remissions granted in the last jamabandi were comparatively small, and were probably confined to extreme cases only, so that a further enquiry would seem to be called for in the current year's settlement. In the Bangalore District, whilst considerable remissions were granted in most of the talukas, a small portion only of the arrears was written off in the Magadi Taluk which however suffered not less than others from the famine. The circumstances of the ryots in this taluk do not appear to have received sufficient consideration from the settling officer. Similar unequal results are shewn to some extent in the Chitaldroog District. Large remissions were given in the Davangere Taluk, whilst the arrears written off in the Kankuppa, Dodéri and Pavagada Talukas are small, and large balances still remain to be collected in these talukas. The state of the arrears in the Tumkúr District is most unsatisfactory. Although very large remissions were granted in all the talukas, the balances remaining to be realized are very considerable. The subject requires careful investigation during the current year's jamabandi.

3. Under the above circumstances, the Chief Commissioner authorizes the settling officers to grant, during the current year's jamabandi, remissions of irrecoverable balances upon the principles laid down in the Proceedings dated 15th October 1878, in the talukas which were affected by the famine. The remissions should be confined to the arrears of 1877—78 and previous years, and are not to extend to those of 1878—79, and they should be given only in the cases indicated in clauses 2 and 3 of para 4 of the above Proceedings. The exclusion from the remissions of non-cultivating holders of lands, in para 7, may require some relaxation. The Chief Commissioner desires to exclude only non-resident holders of lands who are generally dependent on other means of livelihood, and who do not personally take a part in the cultivation of the lands.

4. The Chief Commissioner relies on a careful scrutiny being made into the individual cases. An individual list in the accompanying form of the arrears written off should be submitted for sanction as soon as the jamabandi of each taluk is completed, and until such sanction is conveyed, the remissions are not to be considered final.

5. The Chief Commissioner, in conclusion, desires that steps may be taken for the early commencement and completion of the jamabandi settlement in order to facilitate the collection of the revenue. The collections both of the current revenue and of the arrears should commence promptly in the beginning of December, and should not wait for the jamabandi settlement.

In this column should be stated whether the ryot is dead or has deserted or has relinquished the lands, his circumstances and how the lands abandoned have been disposed of. If the lands are still under occupation by the ryot, it should be stated to what extent he has cultivated them in the last and present years, and any other similar information should be given. Fictitious relinquishments and transfers of lands in the names of relations for the purpose of getting the remissions should be carefully noted.

Proceedings of the Chief Commissioner of Mysore in the Revenue Department, (Revenue),—dated 30th October 1879.

No. 3970-80—Rev. 686, DATED CAMP MYSORE, 28TH OCTOBER 1879.

ORDER.—As under the Opium Act and Rules which will come into effect in this Province from 1st April 1880, opium will be imported exclusively by Government and supplied to licensed vendors for retail sale, it will be necessary to make separate arrangements in regard to ganja from the above date. The Chief Commissioner considers it inexpedient that the monopoly of the sale of ganja should be managed under Amani; he prefers its being rented out by public sale.

2. The terms of the contract to be entered into by the renter should, amongst other things, provide for a fixed retail price at which the article should be sold, for the article sold being of good quality, for the public requirements in the matter being properly attended to, and for preventing disorderly proceedings in the retail shops. Provision should also be made for the sale of the article for medicinal purposes in such quantities as may be required. The retail price may be fixed at 8 annas per seer.

3. At present, the heavy rates of license fees collected from the retail vendors at Rs. 5, 3 and 2 per month, which are quite disproportionate to the small profits made from the limited sale of the article, appear to prevent vendors from coming forward to undertake the sale. Under the system of rent, no license fees may be demanded as the licenses will be given by the renter though with the approval of the Deputy Commissioner, who will determine the places at which the shops should be allowed to be established.

4. The Deputy Commissioners of the several Districts are requested to report at an early date the arrangements which they propose to make on the subject, submitting the necessary notification regarding the sale for publication in the Gazette, and the draft form of the contract bond to be entered into by the renter for approval. It will be convenient to give out the farm for one year only from the 1st April 1880 to the 31st March 1881.

Chief Commissioner's Proceedings No. 3362-73—Muni. 161 of the 27th September 1879, regarding the revision of Municipal and Sayer taxation.

Letter from the Deputy Commissioner, Bangalore District, No. 291 of the 15th October 1878.

No. 4032-43—MUNL. 201, DATED CAMP MYSORE, 30TH OCTOBER 1879.

ORDER THEREON.—The object of the instructions conveyed in para 24 of the Chief Commissioner's Proceedings of the 27th September last was to simplify the collection of the sayer and municipal duties on betel-leaves and cocoanuts in all the Municipalities in general. In the town of Bangalore, the consumption consisting chiefly of the articles imported from Her Majesty's Territories, which have not hitherto been liable to sayer duty, the octroi already levied on betel-leaves and that newly authorized on cocoanuts will, as regards articles imported from Her Majesty's Territories, be wholly appropriated by the Municipality. The Municipality will, as arranged by the Deputy Commissioner, pay to the Provincial revenue one-half of the collections on the above articles of local production only.

2. The arrangements indicated in the above Proceedings in regard to tobacco will require similar revision as regards the Bangalore Municipality, and instructions will be hereafter issued on the subject, when the new arrangements are to come into effect.

Proceedings of the Chief Commissioner of Mysore in the Revenue Department, (Revenue),—dated 30th October 1879.

3. The Deputy Commissioner of Bangalore reports that in consequence of the new arrangements made, he has dispensed with the Sayer Establishments in his District, costing Rs. 74 per month; and he suggests that the sayer on arecanut, which produces only Rs. 272 per annum, may also be given up in his District. There may arise difficulties in authorizing such partial exemptions. The Chief Commissioner is not therefore prepared to sanction the proposal at present. The sayer duty on arecanut, however, in this and in the other Districts where the produce is small, should be collected at the place of production by the village officers without the necessity for any separate Sayer Establishment, and there should be no further interference with the article either in its transit or when brought to the market.

4. The Deputy Commissioners of the other Districts should report what Sayer Establishments are entertained in their Districts, and what reductions can be made in them.

ORDER THEREON.—The area referred to in para 11 of the Chief Commissioner's Proceedings No. 3362-73—Munl. 161 of the 27th September last refers to the area or extent of the buildings, and not of the whole premises The object is to adopt the usual system of valuing the different classes of buildings according to the number of ankanams or square feet occupied by them.

2. The scale proposed by the Deputy Commissioner of Kolar for levying the octroi on loads instead of on weight or measure, in order to avoid the unloading of goods, may be advantageously adopted with slight modifications as shewn below. The owners of the goods should, however, be allowed the option of paying the prescribed rates of duty on weight or measure in cases in which they may desire it, submitting to the inconvenience of having the goods unloaded, and weighed or measured. For convenience of calculation, the Chief Commissioner directs that the duty on dry cocoanuts be altered from 7½ to 8 annas per maund.

Letter from the Commissioner, Ashtagram Division, No. 332 - 112, dated the 26th September 1879.

No. 3627-39—MIS. 298, DATED BANGALORE, 13TH OCTOBER 1879.

ORDER THEREON.—In the above letter, the Commissioner reports on the results of the revision of the Division, District and Taluk Establishments in the Ashtagram Division, made by him in accordance with the orders conveyed in the Chief Commissioner's Proceedings No. 1069—R. 218, dated the 24th June 1879.

2. In the Division, the Judicial Establishment required for the District and Sessions Judge's Court is placed on the same footing* as in Nundydroog; the English and Revenue Departments are abolished, retaining only two Clerks† for such general correspondence as may hereafter devolve on the Commissioner in this Division, and a small establishment of peons for the Residency Department as noted in the margin.

* A small increase has been since applied for.

† 1 Clerk on... ...Rs. 50
1 Do on... ... „ 35
Total.....Rs. 85

1 Jamedar on ...Rs. 16
2 Peons at Rs. 7 each 14
2 Peons at Rs. 6 each.. .. 12
1 Hascar at Rs. 7 ... „ 7
1 Sweeper ... „ 4
1 Mashalchi ... „ 5
Total..... „ 58

3. The Mysore District Establishment is placed on the special scale sanctioned for Bangalore, and that of Hassan on the scale of an ordinary District. Establishments for two General Assistant Commissioners are provided in the former and for one in the latter District.

4. The Taluk Establishments have also been regulated on the same scale as that sanctioned for the Nundydroog Division. The establishment in the less important taluks, however, is less than the sanctioned scale by one Gumasta, and in others by one Gumasta and one Assistant Munshi. Three 1st Class Taluk Sheristadars on 50 Rs. pay and one Deputy Amildar for the Mysore District, and two 1st Class Sheristadars for Hassan, have been provided. The Deputy Amildar may be employed in whatever taluk his services may be most required.

5. The results of the revision are given in the accompanying abstract statement. The number of superior hands in the departments affected by the revision have been reduced from 411 to 304, and the menials from 292 to 195. The saving amounts to Rs. 4,155 per month or Rs. 49,860 per annum.

6. The statement does not include the Abkari Establishment of the two Districts, the Sheikdars, Taluk peons, and Travellers' Bungalow Establishments, as well as the small separate establishments kept in the District Office for Municipal, Local Fund and Registration work. These have not been brought under the revision; but some of them may require to be hereafter separately considered.

7. The Establishment attached to the Town Magistrate at Mysore for the payment of certain special classes of civil pensions, as noted in the margin, has been allowed to remain for the present. As the number of pensioners who are paid through this Office has fallen off considerably, since the first creation of the Office, it may be expedient to make other arrangements in the matter at an early date. Meanwhile, as a smaller establishment ought to suffice for the work now devolving on the office, the Head Clerk on Rs. 60 per month should be at once dispensed with; the present incumbent being otherwise provided for.

1 Head Clerk on ... Rs. 60
1 Record-keeper ... „ 30
1 Munshi .. „ 15
1 Shroff ... „ 10
2 Gollars at Rs. 7 each „ 14
1 Peon on ... „ 5
Total..... „ 131

8. The Subordinate Judge's Court at Mysore has been placed on the same footing as that of Bangalore, and that of Hassan on the ordinary scale of other Districts, causing an increase of Rs. 10 and Rs. 67 per mensem respectively. The Establishments of the Munsiffs' Courts and of the Town Magistrate at Mysore remain unchanged.

9. Considering that the superfluous officials of the Division Office had to be absorbed in two, instead of in three Districts as in the Nundydroog Division, the results attained must, on the whole, be considered satisfactory.

10. Sixty-four superior officials are recommended for pension on account of the reduction. The amount of pensions which will have to be granted is estimated at Rs. 1,096 per month, thus absorbing for the present about one-fourth of the saving effected by the reduction.

11. A few of these cases require further explanation. The two Taluk Sheristadars, noted in the margin, complain that they will not be able to secure a half pension. Their retention must depend upon their usefulness and previous good character. Surnarnappa is entitled to some consideration as the representative of a very old family in the Province. The petition of Mir Husen Alli, Sayer Daroga, wishing to be retained in the service, has already been forwarded for report. Any promotions made to Taluk Sheristadarships should be held in abeyance till the cases of these men are disposed of.

1. Venkatramaiya, Sheristadar of the Gundlupet Taluk.
2. Surnarnappa, Sheristadar of the Heggaddevankote Taluk.

12. The three persons noted in the margin are comparatively young in age, and hold small appointments. It will be undesirable to add them to the pension list unless they are disqualified or are otherwise unfit for service.

1. Krishnaiengar, Revenue Gumasta in the Ashtagram Taluk, age 40 years, Rs. 15.
2. Subba Rao, Shekdar of Baraahalli in the Periyapatna Taluk, age 40 years, Rs. 15.
3. Lokachar, Judicial Gumasta in the Talkad Taluk, age 36 years, Rs. 15.

13. Mahomed Ali Khan, Peshkar of the Manjarabad Taluk, wants only a few months to entitle him to half pension. Special arrangements may be made to retain him for the required period if the nature of his past services entitles him to such consideration.

14. Fifteen superior officials and seventeen menials are recommended for gratuity. Those noted in the margin having some length of service, the reasons for dispensing with them should be stated. Amongst the menials, Linga, peon in the Kikkeri Sub-Division Assistant Commissioner's Office, is only 40 years old. If not physically disqualified for work, he should be provided for otherwise.

1. Krishnasami Modaliar, Naib Sheristadar, 1st Assistant Commissioner's Court.
2. Gundappa, Shekdar of Rangasamudra Hobli, Talkad Taluk.
3. Nizamuddin, Shekdar of Settihalli, Ashtagram Taluk.
4. Gulam Mahomed, Shekdar of Heggaddevankote.
5. Rama Rao, Shekdar of Dudda, Mandya Taluk.

15. The reductions necessarily led to some of the officials being placed on slightly lower pay than they were formerly drawing, but this has been unavoidable under the circumstances. Where the men possess long service and the loss of pay is considerable, an early opportunity should be taken to replace them in their former position as regards pay. In this connection, the cases of the men noted in the margin seem to deserve the consideration of the respective Deputy Commissioners.

Nanjundaiya, Deputy Munshi, Sub-Judge's Court, Hassan District.
Narasimhachar, Deputy Accountant, Mysore District.
Gulam Dastaghir, late Peshkar of the Chamrajnagar Taluk.

16. Personal allowances are recommended for the six officials noted in the margin to make up for loss of pay. The Chief Commissioner objects to the grant of personal allowances in cases in which the officials could be appointed to other posts of equal salary. Mr. North may be allowed a personal allowance of Rs. 50 till he is provided with a 1st Class Amildarship or other equal appointment. Messrs. D'Vaz and Eames may be allowed personal allowances as noted in the margin as a temporary measure. Subrao Iyer, Judicial Sheristadar, it is observed, was confirmed in his present appointment only in July 1878. He may continue to draw his present pay of Rs. 200 pending a reference which will be made to the Judicial Commissioner. With regard to the Treasurer Annasam Nyenar, as money security will be hereafter required for the office, the Commissioner should report whether he is capable of furnishing it, and whether, in the event of his not being able to do so, he may not be pensioned and arrangements thereby made for providing for Lakshman Rao, Judicial Sheristadar of the Hassan District. The Commissioner of the Nagar Division will be asked to appoint Subaiya to the Revenue Sheristadarship of the Chitaldroog District which is vacant, and this might make provision for the Civil Pension Head Clerk who has been ordered to be dispensed with.

1. Mr. J. G. North, late Manager, Division Commissioner's Office, Rs. 50.
2. Subaiya, late Head Accountant, Division Commissioner's Office, Rs. 50.
3. Subrao Iyer, late Judicial Sheristadar, Division Commissioner's Office, Rs. 50.
4. Mr. D'Vaz, Head Clerk, Mysore District Office, Rs. 40.
5. Annasam Nyenar, Treasurer, Mysore District, Rs. 50.
6. Mr. Eames, Head Clerk, Hassan District Office, Rs 20.

Mr D'Vaz, Rs 40.
„ Eames „ 20.

17. Of the three other *officials who are entered in the lists as remaining to be provided for, the claims of Seshaiengar who possesses long service should receive the earliest consideration. The Commissioner of the Nagar Division will be asked whether there will be any opening in his Division for any few of the English Clerks or others on small pay who have been thrown out in the revision in Ashtagram.

*1. Seshaiengar, Record-keeper, Revenue Department, Division Commissioner's Office.
2. Mr. A. Staggs, Assistant Record-keeper, English Department, Division Commissioner's Office.
3. Mustafa Alli Khan, Assistant Record-keeper, Division Commissioner's Office.

18. The above arrangements which have already been partially brought into force, will come into full effect from the 1st October. Special sanction should be obtained for the pay of any officials who may be unavoidably retained in service beyond the above date in excess of the sanctioned strength.

19. It is only necessary to add that as no lists have been sent for the Subordinate Judges', Town Magistrate's and Munsiffs' Courts, the officials in which establishments appear to have also been pensioned and transferred on account of the reduction, the statements submitted do not in every instance clearly shew how the men have been disposed of.

20. In conclusion, the Chief Commissioner desires to convey his acknowledgments to Colonel Hay for the satisfactory completion of this work which was attended with special difficulties in the Ashtagram Division.

C. RANGACHARLU,

Proceedings of the Chief Commissioner of Mysore in the Revenue Department, (General),—dated 17th October 1879.

READ—

Letter from the Commissioner, Nagar Division, No. 463—192, dated the 6th October 1879.

No. 3745-55—Mis. 315, DATED 17TH OCTOBER 1879.

ORDER THEREON.—In the above letter, the Commissioner submits proposals for the revision of the District and Taluk Establishments of the Nagar Division. He proposes to place these Establishments on the same footing as has been sanctioned for the Túmkúr and Kolar Districts, with the following modifications.

2. The Head Clerks of the English Department in the Shimoga and Kadur Districts are proposed to be paid Rs. 100 each instead of 80 Rs., as the European or Eurasian Clerks, who ordinarily fill the post, have no other appointments to look to for advancement, and as the cost of living is greater for them in these out-lying Districts.

3. In the Revenue Department instead of one hand on Rs. 20 for Sayer and Muzrayi, two Accountants on Rs. 35 and 20 are proposed in Shimoga and Kadur for the Sayer accounts which are heavy in those Districts, and an additional hand on Rs. 15 in Shimoga for Muzrayi work which is also heavy.

4. The Establishments of the Treasury and of the office servants of the Deputy Commissioner of the Shimoga District are proposed to be placed on the same footing as the Bangalore District, in consideration of Shimoga being the Head-quarter District of the Division, further providing 2 Assistant Shroffs on Rs. 15 and 10 instead of 1 on Rs. 20, as one of these men has to accompany the periodical remittances of treasure to Bangalore.

5. Establishment for one General Assistant Commissioner only is provided for each of the three Districts.

6. The Taluk Establishments in all the three Districts are placed on the same footing as in Kolar and Túmkúr, one Revenue and one Magisterial Gumasta on Rs. 15 each being additionally allowed for the Shimoga Taluk alone. No Peshkar or Deputy Amildar is provided. Two 1st Class Sheristadars on Rs. 50 are allowed for Shimoga and Chitaldroog and one for Kadur.

7. The Chief Commissioner, however, considers that one 1st Class Sheristadar ought to suffice for the Chitaldroog District. He also sees objection to the proposal to raise the pay of the Taluk Assistant Munshi from Rs. 12 to 15, reducing the pay of the Shroff from Rs. 15 to 12, to make up the increase required. As the Shroff will have to be responsible for the charge of money, and will have to give proper security, it may be undesirable to reduce the pay fixed for the office. If found necessary, one of the Revenue Gumastas may be placed on Rs. 12, and the Assistant Munshi on Rs. 15 instead.

8. The proposed scale further adds one more hand to the existing number in the Treasury Department of the Shimoga District, which seems unnecessary; and also 2 Revenue Accountants to the Kadur and Chitaldroog Districts, one of whom on Rs. 25 may, at least, be dispensed with in both the above Districts which are small.

9. The Registration Establishments in the three Districts may be left as they are, there being 2 Clerks in Kadur, and 1 in Shimoga and Chitaldroog. The increase of pay proposed for the Clerks in Kadur seems unnecessary.

10. With these few alterations, the proposals made by the Commissioner are approved. The Chief Commissioner concurs in the opinion of the Commissioner that the Muzrayi work in all the Districts of the Province will be better withdrawn from the Treasury Assistants who cannot go about to visit the Muzrayi institutions. The administration of the Muzrayi Department should be undertaken by the Deputy Commissioners themselves where they are Native officers, and by one of the Native General Assistants in Districts under European officers.

Proceedings of the Chief Commissioner of Coorg, Educational Department, 31st October 1879.

From the Offg. Director of Public Instruction, Coorg, To the Secretary to the Chief Commissioner of Coorg, No. 2786, dated Bangalore, 15th October 1879.

I have the honor to submit for sanction the Budget Estimates of the Plough Tax Fund in Coorg for 1880-81.

The following is the actual condition of the Fund as it stood on the 1st April 1879

Actual Balance on 1st April 1878..	..	..	Rs. 3,986
„ Receipts in 1878—79 ..	Rs. 7,079		
„ Expenditure ..	4,238		
		2,841	
„ Balance on 1st April 1879..		..	Rs 6,827

The estimated receipts for 1879—80 are Rs. 5,200, and the estimates of expenditure for 1879—80 (C. C. O. 526—Edl. 5 of 30th October 1878) are Rs. 6,476. According to these figures there will be a balance on 1st April 1880 of Rs. 5,551 : which increased by Rs. 5,600, the estimated receipts for the year, shews an amount of Rs. 11,150 available for expenditure in 1880-81.

The estimates of expenditure for 1880—81 as per detailed statement below amount to Rs. 7,388. The variations from the sanctioned estimates of last year are due (i) to the promotions of those masters who have served satisfactorily during the appointed time, and (ii) the proposal for the establishment of 10 additional schools which if sanctioned will raise the maximum number of schools from 50 to 60. Provision for ten more schools has become necessary to meet not only the increasing requests put forward by head-men of Nads but also the demand for primary instruction springing up on coffee estates.

No. 776—Edl. 5, dated Camp Mysore, 31st October 1879.

Order thereon.—With the above, the Director of Public Instruction submits for sanction the Budget Estimates of the Plough Tax Fund in Coorg for 1880-81.

2. The actual condition of the Fund as it stood on the 1st April 1879 is as follows :—

Actual Balance on 1st April 1878 .		Rs. 3,986
„ Receipts in 1878-79 ..	Rs. 7,079	
„ Expenditure	4,238	
	2,841	
„ Balance on 1st April 1879 ..		6,827

3. The receipts for 1879-80 are estimated at Rs. 5,200, and the amount of the estimated expenditure sanctioned for the current year in Chief Commissioner's Proceedings No. 526—Edl. 5, dated 30th October 1878, is Rs. 6,476.

4. According to the above figures, there will be a balance of Rs. *5,551 on 1st April 1880. Add to this the sum of Rs. 5,600, the estimated receipts for 1880-81, and the total amount available for expenditure for 1880-81 is Rs 11,151.

*Balance on 1st April 1879	.. ..	.. 6,827
Receipts for 1879-80..	.. ..	.. 5,200
		12,027
Deduct estimated Expenditure for 1879-80	..	.. 6,476
Balance on 1st April 1880	.. ..	.. 5,551
Add Receipts for 1880-81	.. ..	.. 5,600
Available for Expenditure for 1880-81	..	.. 11,151

5. The expenditure for 1880-81 estimated by the Director is Rs. 7,388 that is †Rs. 912 over last year's sanctioned provision. This increase is due (i) to promotion of deserving masters and (ii) to provision made for the establishment of ten additional schools. This raises the number of schools from 50 to 60.

†Sanctioned for 1879—80. 6,476
Estimated for 1880—81. 7,388

6. The increase in the number of schools naturally involves increase in the number of teachers also, as follows :—

	1879—80. No	1880—81. No.	Amount.
1st Grade on Rs 12 per month	12	12	1,728
